

Somersault Pop-Up Book

by Susan Pagnucci

STAMP DESIGNS

Print these cheerful figures and use them as templates to carve your own stamps. In *PAGES* Winter 2015, Susan Pagnucci gives step-by-step instructions on how to use these stamps in a pop-up accordion book (page 44). Turning

these stamps as you print makes the figures look like they are doing jumps and flips as they meander down the page, creating what Susan calls a Somersault Pop-Up Book.
